STREAMLINED LOOK ·····

A sleek streamlined design means these bags look great from any angle, and can be produced with a range of different handles – twisted paper, flat tape, cotton, reinforced punch out.

GRACE STYLISH STYLISH STYLISH

A larger face & back of the bag allows a greater surface area for print and marketing of your brand.

····· AESTHETICS

Up to eight colours can be printed on The Dempson Bag including four colour process. The turn over top adds strength to the opening and the opportunity to print around the inside edge of the bag for further aesthetic appeal.

SKETCH NEWS T

• • • • GREENER FOOTPRINT

The Dempson Bag Environmental benefits:-

- Potential light-weighting of paper due to unique bag construction
- Economic use of materials due to absence of base seams
- Energy efficient production compared to traditional paper carriers
- Reduced CO2 emissions through better packing / storage density during shipment

· · · · · QUICKER LEAD TIMES <

Faster production speeds mean production lead-times are reduced, as well as providing much faster and more flexible size changes.

SHAPF Z Z Z ADVERTISING Z FAMOUS Z

·····STRENGTH <

No bottom seam means the bags are physically stronger than standard SOS bags. This means it is possible to reduce the weight of paper, whilst maintaining the bag's strength.
